FELLED, ROBBED AND THEN SHOT BY HIGHWAYMEN

Thugs Fire Twice at Helpless Victim, and Inflict Fatal Wounds.

Two unknown men twice shot Severio Stesna last night. The surgeons of the Norwegian Hospital say be will die. Stesna, who lives near Avenue D and East Tenth street, this city, said he started on his first visit to Coney Island. At the Brooklyn Bridge he took a Bay Ridge train, which landed him at the Sixty-fifth street "L" terminal.

Descending, Stesna got on a Third avenue trolley car. He questioned two of his compatriots, who told him they would show him where to transfer for Coney Island. They got off with him at Saventy-fifth street and Third avenue. led him to Second avenue, a lonely neighborhood, and asked him if he had any money. He answered "yes." They felled him unconscious and stole \$20 and his gold watch.

As Stesna lay senseless they put two bullets in him, one two inches over his heart, the other in the back of his head. Some one found him and telephoned the Fort Hamilton police station. Dr. Norton took him to the hospital, where Stesna regained consciousness long enough to tell this story.
But when the police began to pick flaws in the narrative, Stesna amended it somewhat. He declared that he was coming toward New York when he met the two strangers on the car. Then they saked him how it was he knew they shot him after he had dropped unconscious, and furthermore, how it was that his watch and his money still remained in his pockets, when he reached the hospital. At this the wounded man's mind began to wander. He could not even tell whereabouts on Yeach street he lived.

The detectives think the shooting was the outcome of some private feud or itse a falling out among a group of black Handers. tal, where Stesna regained conscious-

FIFTEEN GET SHEEPSKINS.

Archbishop Presides at St. Francis Navler Commencement.

Carnette Hall was filled from floor to roof last night at the sixty-first commencement of St. Francis Xavier's College. Archbishop Farley presided. Fifteen were graduated with the degree of Bachelor of Arts and eight hon-

orary degrees were conferred.

Former Corporation Counsel John Whalen was made an honorary L.L. D. Others who received this degree were Henry V. Cunningham, A. M., L.L. B., and the Rt. Rev. Mgr. James H. Mc-Gean. William H. Hayes and Arthur A. Mc-Givney were awarded gold medals for general excellence. Save the Babies.

■ NFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twentytwo per cent., or nearly one-quarter, die before they reach one year; thirtyseven per cent., or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save a majority of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium, or morphine. They are, in considerable quantities, deadly poisons. In any quantity they stupefy, retard circulation and lead to congestions, sickness, death. Castoria operates exactly the reverse, but you must see that it bears the signature of Chas. H. Fletcher. Castoria causes the blood to circulate properly, opens the pores of the skin and allays fever.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. A. F. Peeler, of St. Louis, Mo., says: "I have prescribed your Castoria in many cases and have always found it an efficient and speedy remedy." Dr. E. Down, of Philadelphia, Pa., says: "I have prescribed your Castoria in my practice for many years with great satisfaction to myself and benefit to my patients."

Dr. Edward Parrish, of Brooklyn, N. Y., says: "I have used your Castoria in my own household with good results, and have advised several patients to use it for its mild laxative effect and freedom from harm." Dr. J. B. Elliott, of New York City, says: "Having during the past six years prescribed your Castoria for infantile stomach disorders, I most heartily commend its use. The formula contains nothing deleterious

to the most delicate of children." Dr. C. G. Sprague, of Omaha, Neb., says: "Your Castoria is an ideal medicine for children, and I frequently prescribe it. While I do not advocate the indiscriminate use of proprietary medicines, yet Castoria is an exception for conditions which arise in the care of children."

Dr. J. A. Parker, of Kansas City, Mo., says: "Your Castoria holds the esteem of the medical profession in a manner held by no other proprietary preparation. It is a sure and reliable medicine for infants and children. In fact, it is the universal household remedy for infantile ailments." Dr. H. F. Merrill, of Augusta, Me., says: "Castoria is one of the very

finest and most remarkable remedies for infants and children. In my opinion your Castoria has saved thousands from an early grave. I can furnish hundreds of testimonials from this locality as to its efficiency Dr. Norman M. Geer, of Cleveland, Ohio, says: "During the last twelve

years I have frequently recommended your Castoria as one of the best preparations of the kind, being safe in the hands of parents and very effective in relieving children's disorders, while the case with which such a pleasant preparation can be administered is a great advantage."

about by the accumulation in the system of refuse matter which the natural avenues of bodily waste have failed to carry off. This waste or refuse matter ferments and sours and generates uric acid which is absorbed into the blood and distributed to all parts of the body, and Rheumatism, with its torturing pains and aches, inflammation and other disagreeable symptoms, gets possession of the system. The aches and pains may be relieved and the inflammation temporarily reduced by the application of a good plaster, penetrating liniment or some other simple home remedy, but the disease can never be cured while the blood remains saturated with the irritating, pain-producing uric acid poison. The cause should be driven from the blood before the trouble reaches the chronic or helpless stage. S. S. S., a purely vegeteble remedy, cures Rheumatism by thoroughly cleansing the blood of every particle of the uric acid poison, and making this vital fluid pure, fresh and health-sustaining. It filters out from the circulation the remotest particle of the poison, and when S. S. S. has renovated the blood, Rheumatism is thoroughly and permanently cured.
